Cherokee women were also influential in political affairs advising on war and peace. The women of each clan selected an elder woman to serve on the women's council, a highly influential body. One of these women, the beloved woman who also represented her clan, presided over the council.

American Indian women have traditionally played vital roles in social hierarchies at the family, clan, and tribal levels in the Cherokee nation. Specifically, women and men are considered equal contributors to the culture with this study. However, we learn that three key historical events in the 19th and early 20th centuries—removal, the Civil War, and allotment of their lands—forced a change.

Cherokee women in crisis trail of tears civil war and allotment 1838-1907. Contemporary American Indian Studies explains how traditional Cherokee women's roles were destabilized, modified, recovered, and strengthened during three periods of great turmoil.

American Indian women have traditionally played vital roles in social hierarchies including at the family, clan, and tribal levels in the Cherokee nation. Specifically, women and men are considered equal contributors to the culture. Through it all, colonial battles, smallpox epidemics, the struggle to retain historic southeastern homelands, expulsion on the trail of tears, involvement in the American Civil War, the theft and allotment of tribal lands, the coming of Oklahoma statehood, the starvation and depravation of the great depression, and the scattering of tribal.

Carolyn Johnston, Professor at Eckerd College and author of Cherokee women in crisis trail of tears civil war and allotment 1838-1907, says in her book that the governor was so taken aback by the question that he took two or three days to come up with this milquetoast response. The white men do place confidence in their women and share, get this from a library.
